STRATHMORE UNIVERSITY
COAT OF ARMS

Yellow: (Gold) Gold means eternity, perfection.
Blue: (Azure) Sky blue means high ideals, high aims.
Red: (Gules) Blood red means sacrifice, love, fortitude.

The Three Hearts represent the three races which, in 1961 when the University started, were segregated in the colonial system of education. The heart represents the person, since it is taken as the source of all our actions, and the source of love. The fact that the three hearts all have the same colour shows the equality of all people and their aim to love and understand each other. At the beginning it clearly pointed at the target of racial unity. Today it symbolises the common aim of parents, teachers and students in the educational process of Strathmore.

The Lion is the symbol of strength and courage, and of the determined fight for excellence and justice. It also represents Kenya, our country, which strives to attain all the qualities mentioned above.

The Motto *"Ut omnes unum sint"* is Latin. It is a quotation from a passage of the Gospel, and means "That all may be one". It expresses our desire to work together towards the same aim, in spite of personal differences or opinion, tastes and backgrounds. The colours in heraldry (the science dealing with coats of arms) have associated meanings as follows:

The Rose in full bloom represents love, the source of all good desires and actions, even if at times this means loving sacrifice, as represented by the thorns. The rose has a supernatural meaning too. Love, with capital letters, is love of God. The rose also has a historical meaning associated with the life of Saint Josemaría Escrivá, founder of Opus Dei, who inspired and encouraged the people who started Strathmore: he once received a divine sign in the form of a carved gilded rose in a very trying moment of his life.

THEME OF 2019:

EXCELLENCE - DOING ORDINARY THINGS IN AN EXTRAORDINARY WAY

In its 58th year, Strathmore University has advanced from an Advanced-level Sixth Form College to a chartered University with over 6000 students and 1000 staff. This is no mean feat and part of this great achievement has been due to follow through by each member of Strathmore University to live its eight values: Excellence, Service to Society, Life-long learning, Collegiality, Subsidiarity, Freedom and Responsibility, Personalized attention and Ethical practice. It was from one of this core values that this year's theme was derived.

Excellence – Doing ordinary things in an extraordinary way is the Strathmore University 2019 theme and is inspired by our founding spirit and our deep awareness of the dignity of each human being. Excellence is that firm commitment to be the best and to deliver the best output of whatever one undertakes. Striving for excellence drives each one of us to aim high in whatever each one of us is engaged in.

In connecting the values of excellence with the teachings of St. Josemaria Escriva, excellence in work translates to making our work holy by doing it for the love of God, with the greatest possible human perfection and offering it to God in union with Christ. This St. Josemaria referred to as sanctification of work.

Further, excellence is completion. The action that is most complete is most excellent. Completion comes with the daily virtues of steadfastness, sacrifice and hard work and not neglecting the little things.

Class of 2019 let us therefore go out there and do ordinary things in an extraordinary way, consistently. If we live this daily, we will bear excellent fruit that will last beyond our time.

VICE CHANCELLOR'S
MESSAGE FOR 2019 CLASS

It gives me great joy to join the Class of 2019 on this special occasion as we celebrate the successful completion of your studies here at Strathmore University. I take this opportunity to congratulate you most warmly on behalf of all members of Strathmore University, on your tremendous achievement. Our dedicated faculty and administration staff are proud of your achievements as well, and we wish you well in your chosen career as you leave Strathmore University and step into the world of work.

I am pleased to see that this year's Strathmore mantra 'doing ordinary things in extraordinary ways' resonated very well among the students and this has been manifested in various ways by our students' astounding achievements in global competitions. We commend all our students for their unwavering dedication to excellence. Specifically, we congratulate the team from Strathmore Law School that was the first African team in history to win the 17th John H Jackson Moot Court on World Trade Organisation (WTO) Law in Geneva Switzerland.

Our Congratulations also go to the team from the School of Tourism and Hospitality that came on top in the international EuroCHRIE Challenge, involving student teams from schools, colleges and universities, offering programs of study in hospitality and tourism, based in Europe, the Mediterranean Basin and Africa. A team of students from Institute of Mathematical Sciences also participated in Regional CFA challenge and shone magnificently. Kudos to my fellow math-enthusiasts.

Cheers and applause to the team of our graduate students who took part in an innovation Challenge at the Africa Utility Week in Cape Town in May. The Challenge required university-based teams from across Africa to develop and share innovative ideas on how to increase access to electricity on the continent. The teams from the University of Witwatersrand, Stellenbosch University, the University of Cape Town and Strathmore University were shortlisted. The Strathmore team came up with an idea of a solar powered container to serve practically all the electricity needs of a rural community that enabled them to win the contest despite the stiff competition from the other contending teams. The team is now looking for investors to carry the innovation to full fruition.

We commend the Student Council for continuing to excite a spirit of entrepreneurship through the 'Flea Markets' that have been going on the entire year. Through these 'Flea Markets' a number of students have been inspired and encouraged to start their entrepreneurship activities. I urge you all to embrace an entrepreneurial mindset and be creators of wealth and of employment, as you embark on another phase of your lives as graduates of Strathmore.

On behalf of the entire Strathmore University family, I wish to express our gratitude to all of you, your parents and sponsors, for your contribution in diverse ways in making Strathmore a truly outstanding University with acclaimed international reputation. I invite you to continue contributing to all Strathmore's successes nationally and internationally by becoming active members of "Strathmore Alumni", the umbrella alumni association of SU graduates.

Prof. John Odhiambo

SPORTS ACHIEVEMENTS

"I've had to maintain good grades in order to retain my sports scholarship. Juggling books and the hockey stick is no mean feat. We train every day, on the days when we feel like it and on those that we don't. Yet I can't think of having it any other way. I am so in love with hockey that after an exam that drains me, I use the game as a stress reliever."

Balancing between work and school has not been an easy task. Both areas demand a lot from you and you have to deliver without compromise. But when you enjoy what you do it eases the burden.

From the famous words of Will Durant
"We are what we repeatedly do.
Excellence then, is not an act, but a habit".

MENTORSHIP
AT STRATHMORE

“At Strathmore University, mentoring is not a task but a fulfilling opportunity for mentors to pass on rich lessons they have learnt in different facets of their lives to our students.”

DR. MUKAMI NJOROGE

Mentor

“What I enjoyed the most while in Germany was the German federal parliament The Bundestag. It has been built in such a manner that while parliament is in session, the citizens may be allowed to sit in and watch. Their ceiling is a glass ceiling to allow the people to be able look down on preceding’s and for the members of parliament to know that their citizens are watching them. That for me was doing ordinary things in an extraordinary way.”
