## Varsity receives Sh126m donation

**By NATION Correspondent.**  
The University of Nairobi yesterday received books and equipment worth Sh126 million from the American Chemical Society. The material, for use by the

College of Biological and Physical Sciences, includes books, journals and laboratory equipment. It was shipped in Unesco. Kenya's representative on the Unesco executive board, Prof

Shem Wandiga, presented the material to Assistant Minister Moody Awori at the Chiromo Campus. He called for the application of research findings in industry.
